## CHRYSANTHEMS

### New Varieties

#### "CELEBRATION"

Sent to the committee November 11th, hence the name; scored 91 points, commercial. This variety will supplant the **Yellow Eaton** and also **Mrs. M. R. Morgan**, as it is far superior to **Yellow Eaton** in color, being a brilliant golden yellow, and it has better foliage than **Mrs. Morgan**, the leafage being carried well up to the flower; the form is an improvement on both ancestors. A fine example of the commercial incurved, with broad, horizontal lower florets which give it an imposing effect.

Prices: 2¼ inch, \$15.00 per 100; \$120.00 per 1000.

# WHOLESALE PRICE LIST

## "WHITE SEIDEWITZ"

A pure white sport of **Mrs. Seidewitz**, there being no variation except in color; there is a decided need of a really good pure white for general use between Thanksgiving and Christmas, when white flowers are always scarce.

The fine form and graceful spread make it noticeably valuable. Late November and during December.

Prices:  $2\frac{1}{4}$  inch, \$12.00 per 100; \$100.00 per 1000.

## HOSE

One of the newer brands, but now of several years' standing and increasing in popularity every season. No duck is used in the construction of this hose; but all the plies are braided circularly from special threads, each braiding being separate and having a distinct layer of rubber between. It is exceedingly durable, and possesses great flexibility, being practically uninkable—a common cause of failure in Garden Hose. Magic Garden Hose is regularly made in continuous 500-foot pieces, so that any length desired can be obtained without the necessity of splicing out with couplings

50-foot length, price,  $\frac{1}{2}$ -in. 2-ply, 24c per foot.

100-foot length, 23c per foot.

50-foot length,  $\frac{3}{4}$ -in. 2-ply, 26c per foot.

RED CROSS (Peter Fisher)

Under date of December 17, 1918, Mr. Fisher writes us as follows:

Ellis, Mass., December 17, 1918.

S. S. Skidelsky & Co., Philadelphia, Pa.:

Just thought that perhaps you might be wondering how "Red Cross" Carnation was doing with us this season. I feel sure, could you see it, that it would please you. The stock is in excellent condition, has been in continuous bloom since early Fall, and promises to keep right along. It is in heavy demand in Boston, and they like it because of its splendid keeping qualities. Brighter than "Beacon" flowers, of a medium and uniform size, stems long and blooms stand perfectly erect: no splits or "seconds" unless on a weak or defective shoot.

\$12.00 per 100; \$100.00 per 1000. Disseminated in January, 1920.

Owing to the unsettled business conditions, and to the extreme scarcity of stock of all kinds, prices are being changed from time to time without notice. You may rest assured, however, that under no circumstances will we take advantage of our customers. We abhor the very idea of profiteering, and if prices should seem to you exorbitant, the fault is not to be laid at our doors. It is supply and demand that regulates prices.

We need hardly reiterate that it is our aim to satisfy our patrons and thereby maintain their confidence in our business integrity. "It pays to be honest" may sound trite, but it is true nevertheless.

Write us at any time and we shall be pleased to answer your letters.

If your goods reach you in damaged condition you must assume that the stock sent left the place in good order. As a matter of justice both to ourselves and our growers supplying our stock you should put in your claim with the Express Company. It is up to the Express Company to pay for the damage caused by its own carelessness. They will pay if you press the claim. **We cannot be held responsible for the carelessness of an Express Company.**
